Dear Mayor and Honorable City Commission:

The Transportation and Parking Committee (TPC) met on April 8, 2013, and would like to bring an issue to your attention.

Many times, large developments go through the approval process without ever coming before the TPC. Our Committee is requesting that these developers meet with us as well.

We understand that the TPC is only an advisory committee, but we have vast knowledge on coordinating mass-transit and working with the Public Works Department for both the City and County. We often have solutions to potential difficult transportation issues.

Sincerely,

Transportation and Parking Committee
